

# ALPHA Series Blade

High Performance, Low Noise Propeller System  
For Use On Direct Drive Engines

3 Blade 72"  
Diameter Alpha

Sensenich Alpha Series propeller incorporates our latest in airfoil and hub retention technology. Designed for direct drive applications, the Alpha gives the discriminating airboater a combination of superior top end speed coupled with a low cruise RPM. Quick throttle response, Carbon Fiber finish along with many hub configurations have made the Alpha a favorite of the direct drive crowd. Fabric and hub upgrade options allow you to personalize the Alpha to your particular airboat.

#### Recommended Combinations:

125 to 210 HP  
3 Blade 66" - 72"  
220 to 300 HP  
4 Blade 70" - 74"  
350+ HP  
5 Blade 70" - 74"

\*These are recommendations only  
Your application may differ

- ~< Carbon Fiber Construction
- ~< 6 Inch Blade Width
- ~< Snappy and Low RPM Cruise
- ~< 125 - 350+ Horsepower
- ~< 3000 Maximum RPM
- ~< Direct Drive Applications
- ~< Multiple Hub Configurations
- ~< Left Hand Rotation
