PITCH: _____

This Flight Manual Supplement must be installed in the aircraft when modified with the above propeller installed in accordance with Supplemental Type Certificate No. SA826NE dated 2/12/91. The information contained in this document supplements or supersedes the information contained in the form of Placards and Markings found in the airplane. For limitations, procedures, and performance information not contained in this manual, consult the basic FAA Approved Airplane Flight Manual.

FAA APPROVED:

A handwritten signature in black ink, appearing to read "I. Brumer", is written over a horizontal line. The signature is cursive and somewhat stylized.

Irwin N. Brumer
Manager, New York Aircraft Certification Office
